

SECOND AIR DIVISION ASSOCIATION

—Late 1954—

Hi!

SEASON'S GREETINGS!!

1955 Reunion

Plans are progressing to make the 1955 Reunion a real wing-ding. As announced previously, the Reunion will be held August 19-20-21, 1955, at the Hotel Shoreham, Washington, D. C. The 389th Bomb Group is to be honored at the 1955 affair, and we anticipate a large representation from that Group. Tentative plans will be announced in the March Newsletter.

Second Air Division Memorial Fund

The recommendations of the Second Air Division Association with regard to the 2AD Memorial Fund, as outlined in the Minutes of the Seventh Annual Meeting published in October, were transmitted to the Trustees and have been acknowledged. The City of Norwich is still trying to get approval to erect a Library Building on the original site. On October 5th, the Norwich City Council accepted in principle the need for the erection of a new Central Library, but a proposal that the building should be placed on the St. Giles' frontage of the City Hall site was not approved. An alternative proposal to erect a separate building on a site between Bethel Street and Theatre Street was considered but rejected by the Libraries Committee. Another proposal is now in preparation for submission to the committee.

While there is no definite progress on the actual construction of the Library, it would seem that eventually a Library Building will be erected and the Second Air Division Memorial will become a reality.

Membership-Groups To Be Contacted

We have been successful in obtaining partial rosters for five bomb groups and one fighter group as follows:

389th B. G. - Hethel	446th B. G. - Bungay
44th B. G. - Shipdam	467th B. G. - Rackheath
93rd B. G. - Hardwick	4th F. G. - Debden

All names listed for the above groups (some 20,000) will be contacted within the next few months. However, we still need group histories for the other eight bomb groups and 4 fighter groups -- 392nd B.G., 448th B.G., 458th B.G., 453rd B.G., 466th B.G., 489th B.G., 491st B.G., 492nd B.G., 65th Fighter Wing, 56th F.G., 355th F.G., 361st F.G., and 479th F.G. If anyone has a copy of any of these group histories, the Association would appreciate it if we could borrow the copy long

enough to have photostats made. Please make it possible for us to contact your group and to organize it within the Association.

Air Force Academy Post to Col. Carl Barthel

Our own Col. Carl C. Barthel has been named to the post of director of flying at the Air Force Academy. He is one of the few aircraft observers serving as full colonel. The appointment of an observer points up the Air Force's effort to open more command and staff positions to the non-pilot officers. The Academy training post is a logical one, officials say, since basic observer training will be a major part of the Academy curriculum. In addition to their academic schooling, all cadets will get the full observer course and will win observer wings as well as diplomas on graduation. Col. Barthel is currently director of observer training, HQs. Flying Training.

Weddings

Miss Deborah Post, daughter of the late Russell Lee Post, and Hugh G. Cunningham were married September 25, 1954.

The wedding of Salli Lucille Johnson, daughter of Lt. Gen. and Mrs. Leon Johnson, and Lt. Wilson C. Barnes took place at the Mitchel Chapel, Mitchel AFB, in August.

PERSONNEL NEWS

SIDNEY ADAIR (445th) is with the Philco Corporation as a distributor sales representative. HENRY ARNAUD (445th) is a petroleum engineer, Gulf Oil Corp., Baytown, Texas.
